OBSESSIONS

Unveils its new identity

The story

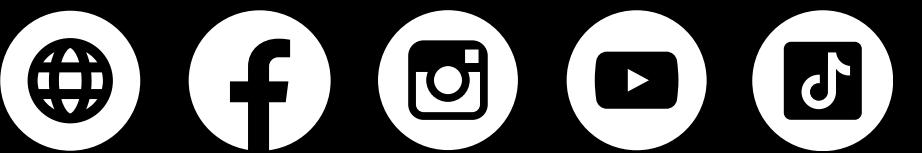

Groover Obsessions is the artist accelerator towards success launched by Groover.

Adapted to each artistic project, it has been created to support the most promising artists discovered through Groover and advance their careers.

Faux Real, Mathieu Saïkaly, Silk Skin Lovers, Leslie Medina, Hollywood Principle, HNRY FLWR & over 150 artists coming from France, UK, USA, Brazil, Canada and more are already supported since the launch of the accelerator program in **2021**.

They all compose a secret recipe: **eclecticism and quality, dynamism & human crush**
